

## NEW ENGLAND REGIONAL LITERATURE COMMITTEE SURVEY FOR AREAS

The newly re-formed Literature Committee of the New England Region meets every other month on the second full weekend of each even-numbered month, along with all the other regional subcommittees. We are looking for direction from the Areas of our Region. We are committed to the review and input of NA literature and related projects, not to literature sales and distribution. Toward this end, we have created this survey to gather input as to how we might best serve you: our members, groups and Areas.

1. What literature do you utilize?
2. Of those resources, which do you prefer?
3. Which ones do you find less valuable?
4. What pieces of literature would you like to see updated?
5. Are there any specific revisions you would like to see?
6. Are you aware of the "Living Clean" Book?
7. Are you aware of the newest IP's "Money Matters: Self-Support in NA"?
8. Are you aware of the IP "Funding NA Services"?
9. Have you seen the IP "By Young Addicts, For Young Addicts"?
10. Have you seen "For the Parents or Guardians of Young Addicts"?
11. Would you support a regional newsletter?
12. If so, what would you like to see included?
13. Does your Area currently have a literature committee?
14. If yes, what are their responsibilities?
15. Are there any new pieces of literature you would like to see?
16. Is there anything we have forgotten to include in this survey?

**Thank you for taking the time to provide us with your input!**
